

Portable Hose Reels

AVAILABLE IN: **HAND CRANK**

DM & CM SERIES

COXREELS® DM Series “Dolly Mount” & CM Series “Caddy Mount” hand crank hose reels offer lightweight, compact portability for long lengths of hose.

Eliminate the task of manually coiling and uncoiling hose and easily transport it to the job site on wheels. High pressure applications are no problem with a 4,000 PSI rating. Also, a 4' inlet hose with 3/4" female fitting and male garden adaptor is available with this series for use with garden hose. See options below.
