DUAL PURPOSE HOSE REELS - AIR/ELECTRIC

COXREELS[®] C Series "Combination" spring driven air hose/electric cord reels are two reels in one compact assembly. They are perfect for applications that require pneumatic air and an electrical power feed. The single expanded mounting base creates stability and adds to the convenience of one mounting pattern. This series is also available in dual hose combinations.

ND USER CAUTION STATEMENTS

- Cord AWG, length, insulation rating, as well as single or multi-phase electrical service must be considered in determining the power rating for each reel. End use application must not exceed the lowest rated component (reel or cord). End user is responsible for determining and ensuring compliance to national and local codes as required.
- Disconnect power source from reel while unspooling / spooling cord.
- Cord should be completely unspooled from the reel when energized. Otherwise follow NEC ampacity derating factors in 310.15(B)(3)(a) where "# current carrying conductors in the service cord" X "#cord layers on the reel" = "# current carrying conductors" in a raceway. Apply the appropriate derating factor to the cord ampacity listed in 310.15(B)(16).

C SERIES :: REEL SPECIFICATIONS UL Listed[†] :: Accessories only SWIVEL & LEAD CABLE

External fluid path with machined from solid brass 90° full-flow NPT swivel inlet

C SERIES

Swivel Seals: NITRILE

318¹10.166A 126A 166A

- External CPC[™] powder coated steel components cover for simple slip ring routine maintenance
- · Include 5' lead cable & grounding plug (except on less cord models)
- (On -4 Models only) Include 5' lead cable & flying lead

DESIGN & STRUCTURE

- Compact two reel assembly for air/electric applications, each reel operates independently
- · Guide arm adjusts to wall, floor & overhead positions
- Single expanded, 1/4" steel mounting base for increased
- stability & space efficiency One mounting pattern allow 1/2 the installation time required
- to install 2 reels at one station • 1" solid steel axle & lubricated precision bearings for smooth rotation

RETRACTION

- Enclosed factory tuned & matched cartridge-style spring motor
- Non corrosive stainless steel spring, pawl & zinc plated ratchet
- Multi-position lock ratchet mechanism secures hose/cord at desired length

SIGNATURE FEATURES

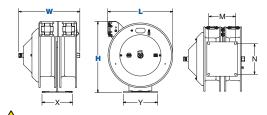

- · Professional grade heavy duty steel construction
- Durable proprietary CPC[™] powder coat process
- Rolled edges & ribbed discs provide strength & safety
- Leading 2-year manufacturer's limited warranty
- · Made in the U.S.A. Sold & Supported Worldwide

POSSIBLE FIELDS OF APPLICATION

- Air Services
- Pneumatic Tools
- Power Tools
- Light Source
- Maintenance, Repair & Operations
 Automotive & Fleet Service Centers

Manufacturing Plants & Facilities

General Industrial
